Senator Byrd At Appomattox

Saturday Senator Byrd, candidate for governor addressed a large crowd in the court ouse here on the issues of the campaign. The building was crowded and many could not get in to hear him. C. W. Smith was made chairman of the meeting and Senator Ferguson introduced Mr. Byrd. The audience was enthusiastic and was responsive and cheered the speaker as he spoke.

Mr. Byrd said he opposed a Constitutional Convention mainly on account of its cost, and rather favored such needed amendments by referendum. That he would veto the proposed bill of Motor Vehicle Commissioner Hayes requiring permits for cars to be issued from Richmond. He wanted simplification of government and rigid economy in expenditure of public funds. He pledged himself to the enforcement of existing laws and said he did not believe in too many laws, but rather the enforcement of those we have.

It was a Byrd day in Appomattox and he will, no doubt get a flattering vote in the county.

We noticed quite a number of Mapp ladies and gentlemen present to hear the Senator.

Co-Ops Meet.

A splendid representation of the farmers attended a meeting of the organization held in the courthouse here yesterday. The object of the meeting was to receive a report of the delegates who attended the annual meeting of the States at Raleigh, N C., last week. Director Wingfield was present and went over the work of the association from day of organization to May 1st. He enumerated the salaries paid its officers, saying that $20,000 annually was now the largest salary paid any of its most experienced employees, which was the manager's salary. That about 1,000,000 pounds of 1922 and about 4,000,000 of the crop since that time was on hand unsold. He had the audit of the association and was prepared to answer all questions propounded.

Mr. S. F. Farrar of the Eastern Division of the extension service was present and addressed the farmers also.

Mrs. Nathan Marshall delighted the audience with a Co-op solo.

The policy of the management of the Co-ops now has been changed and full publicity about all matters pertaining to the association will be given the members.

It was practically an all-day meeting and it was evident that the association intends to urge all non-members to join hands with their brother tobacco growers for a greater association, the success of which depends upon the co-operation of the farmers.

Poland Buys Co-Op Tobacco

Foreign customers of the Tobacco Growers Co-operative Association are increasing their purchases of tobacco raised by the organized growers of the Carolinas and Virginia according to an announcement just made from the sales department of the big co-operative which states that the Polish government has ordered three and a half million pounds of co-op tobacco from the 1924 deliveries to the association.

The tobacco which the Polish government has just ordered from the co-operative association includes chiefly the common, low-grade types which were delivered from the crop of 1924, according to the sales manager of the association's Leaf Department.

Satisfaction on the part of the Polish government with the standard grades bought by them from the organized tobacco farmers is evidenced by the fact that their first contract with the association called for two and a half million pounds of similar grades and the second award has increased the order by a million pounds.

Deliveries on the three and a half million pounds to Poland begin on June 15 and will be composed of monthly shipments to be loaded at Newport News, Va., carried over seas to Dangig and from there reloaded for Warsaw, Poland.

In addition to the purchases of the Polish government, the Italian government monopoly has also bought considerable quantities of tobacco from the co-operative association. "The sales of association's redried tobacco now look very promising" according to the statement of Sales Manager Breedlove.

Harry Flood Byrd is speaking today at Appomattox. He fears he may lose the support of that single voter who doesn't pay attention to Senator Sam Ferguson—Times-Dispatch.

ACHING LIMBS
And Many Other Common Ills
Relieved by Black-Draught.

Mrs. John Skaggs, residing near Lanes Prairie, Mo., on the Ozark Trail, says: "I have taken Black-Draught for a number of years, about fifteen, and it is about the only purgative medicine I ever take. It is the only kind that I've found that doesn't hurt me.

"I take Black-Draught for indigestion, for colds and headaches. I take it for aching in my limbs and shoulders. It helps this trouble. I take it for sour stomach.

"We think Black-Draught is splendid and never are without it in the house.

"I suffered with gas on my stomach that affected my breathing, and Black-Draught helped this trouble.

"For such common complaints, I think Black-Draught is the best medicine a person can use."

For millions of others, Black-Draught is their favorite liver and stomach medicine.

Men and Money Make this Bank Secure.
THERE are two ways of measuring the strength and standing of a bank. In the first place money resources—capital and surplus—give it financial strength.
In the second place—and perhaps even more important—are men, the officers and directors. They give the bank character, determine and execute its policies.
This is a strong bank, a helpful bank because it has ample resources, and a personnel of proven character and ability.

Mr. and Mrs. C. A. Hancock and Miss Marguerite are home again here. They motored from Huntington to Bluefield and brought along their son Braxton who will spend a few days.

From the large amount of fertilizer being hauled out from here by our farmers one would judge that a full crop of tobacco is to be planted. It appears also that the crop will be late.

The Memorial revival service continues through this week with good attendance and substantial sermons from Rev. Mr. Newton. Our people regard him as one of the strongest preachers of the Virginia Conference. The meeting is expected to close Sunday evening.

Mr. Charles W. Harvey and Miss Isabell May Evans were married at the home of Mrs. Nannie Evans Saturday evening by Rev. McNair, of the Presbyterian church. The bride is a popular teacher and the groom is a prominent business man. They will make their home at Spring Mills.

The Appomattox Lynx has been caught. This roaring, devouring, vicious animal described in the Lynchburg News some weeks ago was again reported to be on a rampage in these parts, and excited citizens called upon Joe LeGrand and he went out with his pack and soon a ree was made and when dug out it was found to be our regular old ground hog.

There are thirteen Farm Loan Associations in Virginia which have loans exceeding half a million dollars, and yet Appomattox has not quite reached the $200,000 mark. If you are a borrower at a higher rate than 5½ better talk it over with A. H. Clement, Secty-Treas. and get some of this 5½ money on 34 years time, with the privilege of paying it off after five years without additional cost.

Prof. James Godkin, of Extension Division of Blacksburg was in the county yesterday inspecting pens for Wild and Black Fire and reports that he found no indications of the disease. He also inspected some wheat fields for loose smut or blasted heads. He reports that in a field of tested seed he found 1 of 1% smut, while on the same farm a field of untested seed showed an infection of 3½.

Miss Hancock Graduates

The graduates' recital of Mary Baldwin college, given last evening in the school auditorium was a complete triumph for teachers and pupils, and from the enthusiasm of the audience, fully appreciated and enjoyed by them.

The beautiful contralto voice of Miss Margaret Hancock was worthy of all the applause which was so earnestly given this lovely and popular young lady. To be both young and beautiful is a blessing, but to also have the rich, full voice to please, is a gift of God, and in the coming years we may hope that this voice may be heard in worthy concert.

All of Miss Hancock's work was excellent. In the group of four songs sung with delightful expression, she was recalled, and responded to the encore with the "Banjo Song", by Homer, which was most pleasing.

Prof. C. F. W. Eisenberg has much to be proud of in his graduates this year with their finished style, technique, and ability.

Miss Norma Belle Schoolar scarcely needs any introduction of her work at Baldwin's, but in the work of Miss Hancock she has trained a singer of the future. —Staunton News.

Democratic Committee Resolutions

WHEREAS, the State Convention of the Democratic Party, which met in Norfolk on June 11 1924, adopted a plan of organization for the State, Congressional, Senatorial, and Legislative Districts, Counties and Cities thereof, by providing among other things, for the election of County and City Committees, and,

Whereas, the purpose of County and City Committees, as set forth in said plan of organization, is to attend to the registration of all Democratic voters, to perfect and strengthen the organization of the party in their counties and cities, and to do all within their power to aid in victory of the party at the polls in all general elections, and

Whereas, in being obvious from the duties required of said Committees, that Precincts or Wards with a large number of voters where more work and effort must be put forth, it is necessary that there should be more committeemen, than at a precinct with a small number of voters, and

Whereas, said plan of organization provides that the present Committees shall determine the basis of representation and designate the time, place and method for the election of said committeemen, and give proper notice thereof, and

Whereas, believing that the only fair and equitable basis of representation on said committee will be in proportion to the number of Democratic voters at any precinct,

THEREFORE, BE IT RESOLVED: by the Democratic County Committee of Appomattox County, in meeting this 22rd day of May 1925:

1—That the basis of representation on the committee shall be, and the same is hereby fixed and determined upon the basis of one part of 100, over 50 at said precinct, provided that no precinct shall have less than one member, and that the strength of the Democratic vote at each precinct, as verified by the vote cast in the last Primary election for county officers be, used as the basis of determining the number of committeemen at the respective precincts in Appomattox County, according to which vote, the several precincts will be entitled to the following number of committeemen, to-wit:

BACK HURT BAD
Lady Had Severe Pains in Back and Got Very Weak.
"I think very highly of Cardui for I have had great benefit from its use," says Mrs. Cora Nicholson, of Ware Shoals, S. C.
"I was in bed quite a while. It looked like my strength would not come back, and I suffered with severe pains in my back whenever I would try to get up. Sometimes I would scream out, my back hurt me so bad.
"My husband got me some Cardui and I took two bottles. Very shortly after I began to take it I could notice I felt better. I began to get stronger. My appetite was improving and I could see that I was much better.
"After I had finished the second bottle I was able to be up and do all my own housework, so of course I think Cardui is fine. It is the best tonic for women that I know anything about, and I am glad to recommend it. Not long ago I told a lady friend of mine about it, and it did her as much good as it has done for me."
